

Tread Depth Table

Tire	Minimum Tread Depth
Barbegazi	2.5mm
Chupacabra	1.5mm
Gnarwhal	2.5mm
Hodag	2.5mm
Rougarou	1.5mm
Connection Hybrid	1.5mm
Connection Trail	2mm
CX0	0.5mm
CX3	1mm
G Mud	3.5mm
G Zero	1mm
G1	1mm
G2	1.5mm
G4	2.5mm
G5	2.5mm
LT1	0.5mm
LT2	1mm
LT3	2mm
SE2	1mm
SE3	2mm
SE4	2.5mm
SE5	2.5mm
XR MUD	2mm
XR0	0.5mm
XR1	1mm
XR2	1.5mm
XR3	2mm
XR4	2.5mm
XR5	2.5mm

This table is best used with Bontrager's Tire Tread Depth Gauge.

The tire should be measured on the center knobs with multiple points taken around the tire. The gauge indicates the minimum recommended tread depth for the tire's center knobs. Riding a tire with excessive wear may result in a loss of performance, including less traction, higher chance of puncture, and greater risk to safety.
